For over 19 years, the Felix “Chin” Evans Golf Classic has raised funds to aid in sending deserving high school graduates to college. After a hiatus, Eta Nu Education Foundation, Inc. is excited for the return of this annual golf tournament. We welcome you to join us at Woodmont Country Club on Saturday, September 14, 2024.

This tournament is dedicated in memory of the historic contributions of Felix “Chin” Evans, a Pompano Beach native, Negro League baseball player, and member of Omega Psi Phi Fraternity, Inc.

Felix Evans was one of the first African Americans to integrate golf in South Florida. Over the years, has grown bigger and better, and this year is no exception.

What is the ETA NU Education Foundation?

SUPPORTING COMMUNITY GROWTH THROUGH UPLIFT AND SCHOLARSHIP

The ETA NU Education Foundation (ENEF) is committed to partnering and working with the residents and businesses in our community. Our goal is to collectively provide educational opportunities for our community's most important natural resource – "our children."

The Eta Nu Chapter of Omega Psi Phi Fraternity was established on June 11, 1969 in Pompano Beach, Florida and in 1999 the "ETA NU Education Foundation" (ENEF), a 501(c)(3) organization was formed. The foundation was created to better serve the community by working with individuals and corporations to expand the reach of the organization's goals of scholarship and community uplift.

During our 5+ decades of existence, the ETA NU chapter has embedded itself as a priceless jewel in the Broward County community, working to infuse it with the spirit of our fraternity's 4 Cardinal Principles: Manhood, Scholarship, Perseverance and Uplift.
